### Avila Has Largest Summer Division in Fifty Six Year History

Combining six and eight week programs, workshops and institutes, Avila has the largest summer enrollment in history. Along with the largest per student enrollment, 161 of the students have never attended a class on the Avila campus prior to this summer session.

Several innovative programs were drawing cards to the community, the Institute for Missouri Reading Specialist Certificate and a Workshop on American Indians of the Southwest, plus courses in most areas of interest to the student proved to be an attraction for this summer session.

## AVILA TO OFFER FULLY ACCREDITED EVENING DIVISION

Avila college will offer a fully accredited evening division beginning with the fall semester. Students will be able to take course work leading to the Bachelor's degree in business-economics, social work and special education, class work in other areas will also be offered.

The student enrolling in the evening division will be able to take a class load of up to 10 hours.

Classes in the evening will begin on August 28th, with registration for evening students being scheduled for 6-8:30 p.m. on August 24th and 25th.

Evening classes will be at 6:30 p.m. and 7:55 p.m., and will run on Monday, Tuesday, Wednesday and Thursday nights.

Tuition for a semester hour will be set at \$30 and at the present time the Admissions Department is operating an extensive promotional program in order to attract students into the evening division.

Part of the program that has been utilized is radio, television and newspaper advertising, and in conjunc-

tion with this, the admissions personnel are making speeches and following up on all potential evening division students.

Evening division catalogs are available in the Admissions office and to date interest in this new program has been running high.

One of the most colorful and exciting of Avila's summer programs was the workshop on Indians of the Southwest. A group visited Avila and performed some of their ceremonial dances in the Theater. The presentation was well received by members of the workshop and by faculty, staff, and students on campus the day of the visit.

## 120 MAGIC CHARTER NUMBER IN PRESIDENT'S SCHOLARSHIP CLUB

Last month we reported in very general terms on the fund raising programs of Avila College. At the time it was stated that follow-up articles would appear in future issues, dealing in depth with the various programs.

The newest program, the President's Scholarship Club, founded in December, 1971, is in honor of Avila College President, Sister Olive Louise.

Membership in this club is open to men and women and annual dues are \$50. As the name implies the purpose of the organization is to provide deserving students with scholarships. The annual dues of the members are used totally each year for this purpose.

According to a report by Ron Bennett, Director of Development at Avila and Alfred Blasco, Chairman of Avila's Board of Trustees, as of June 30, 1972,

just six months after the initiation of this program, the President's Scholarship Club has 120 Charter Members, who together have provided \$7,000.00 for scholarship assistance. The funds have provided assistance to 15 students during the 1971-72 school year.

Now that the books are closed on last year, attention is being directed to this current year. By June 30, 1973, the goal of the President's Scholarship Club is 300 members, which means that an additional 180 new members are being sought in addition to the Charter Members.

Your interest and help in either joining or urging your friends to join will be greatly appreciated and will be beneficial in helping more students financially while they are obtaining their education at Avila.
